### **Profile**

Dmytro Balakin: Seeking Python developer role. Transitioned from medicine to Python with over a year's experience. Proactive, dedicated, and recognized hard worker since age 18.

## **Employment History**

# Laboratory assistant at the faculty of computer science, Kharkiv National Karazin University

2016 - 2018

- Analyzed patient databases, understanding relationships between them.
- Developed simple applications for working with databases of patient diseases.

#### Head of the audit committee, GAMMA 55 company, Kharkiv, Ukraine

2017 - 2019

- Working with a pharmacy chain's drug database.
- · Analysis and processing of prices for medicines.
- Auditing of medications and other health-related products in a chain of pharmacies.
- Prepare comprehensive audit reports that detailed the results of the audit and identified potential risks.

## Assistant surgeon, Kharkiv Emergency Hospital, Kharkiv, Ukraine

2018 — 2019

- Participating in a variety of surgeries as an assistant.
- · Performing minor primary and secondary surgeries.
- Follow up of the patients.

#### Head of the clinic, IDF, Israel

2022 — 2023

- · Primary treatment of soldiers.
- · Managing and optimizing performance of the clinic.
- Teaching and providing training of MTLS protocols.
- Scheduled patient appointments and managed the flow of the clinic to ensure efficient patient care.

## **Education**

#### **Doctor of medcine**

2012 - 2018

Kharkiv National Karazin University

Kharkiv, Ukraine
